

Wireless Committee Meeting
May 31st, 2006
650 Komas Board Room 652
11 am - 12:30 pm

A conference phone will be available for those who would like to call in.

Tentative Agenda:

I. Discussion of scheduled / proposed changes to ubiquitous wireless access -
secure(uconnect).utah.edu

II. Discussion of Campus Wireless Standards document

I have attached a copy of the current revision of the campus standards document. Thanks to Dave Packham for his efforts on getting this document started. My apologies for the short notice, please attend or call in if you are able to.

It is proposed that the hotspot and uconnect initiatives be ready to be implemented before school begins in mid-August. The Wireless Committee will be meeting weekly on Wednesdays through the month of June and possibly beyond to facilitate the resolution of these issues in a timely manner. If you are unable to attend the committee meetings, please make use of the wireless committee mailing list to ask questions and make concerns known.

As always, information on the committee's current projects and notes from past meetings can be found at
