Planned Kronos maintenance event on 10/9-10

You are receiving this email because you are subscribed to UIT's public email list.

On **Tuesday-Wednesday, October 9-10, 2018, from 10:00 p.m. - 12:00 a.m.**, Kronos will perform planned network maintenance. Kronos servers will remain up and running, however, users may experience a loss of connectivity of up to 5 minutes while network traffic is rerouted. In the event of an interruption, time clocks will still record punches, which will be transmitted to Kronos once server connections are re-established.

If you have questions, your local IT support staff may be able to assist, or you may contact your respective help desk: UIT Help Desk at 801-581-4000, option 1; ITS Service Desk at 801-587-6000.

Please visit the [University IT Services Status page](#) for information during this and future maintenance events.
